

Technical Note
TN2006-02

Reagent: Macaque-reactive anti-CD4, OKT4, now available commercially

Description: OKT4 clone is now available commercially as a conjugate to 8 different fluorochromes from eBioscience.

Method: Rhesus whole blood was stained with PE- or APC-conjugated anti-CD4, OKT4 antibody. Results compared favorably with L200 clone.

Example:

OKT4-PE

OKT4-APC

L200-PE
